WORKING EXPERIENCE

GRAPHIC DESIGNER

I become a graphic designer as a freelancer while in a different client while in the pandemic stage to sustain my needs in the school

IT assistant support

I become a assistant support at MERAKI to sustain their stability of the network and repair all devices like computer in the office.

Encoder

While in immersion I encode some hard copy file in the office to their computer be having access a software file or back up file of the student

Sales Force Training

I achieve some badge of training in trailblazer that will provide our school to get some experience of framework. And this is my trailblazer account for other information. <https://trailblazer.me/id/jaysonreyes115282>

Front-end Developer in Xentra Solution

In my OJT in this college I become a front developer in xentra solution, and develop a system using angular, and ionic framework. And implementation of API.
